Puppy Preschool Requirements: All puppies should be at least 9 weeks of age but no older than 16 weeks to attend puppy preschool group sessions. The puppy must be in the owner's household for a minimum of 14 days prior to their first group class. Puppies must have completed at least two rounds of vaccinations that include a Distemper combination (ex: DHPP, DA2P, DA2PP or DAPLP). It is the owner's responsibility to present current vaccination records from a licensed Veterinarian at the first group session. Puppies should be in good health and free of external (ex: fleas and ticks) and internal (ex: worms) parasites.
